Nontachai Tongnim

Programmer

Work Experience

Intern (Programmer)
CDG SYSTEMS LIMITED.
NOV 2023 - FEB 2024 (4 months)

- Develop a Web Application using Java language and Angular Framework, including generating reports in PDF, DOC, and Excel file formats. The assigned tasks involve studying the tools for designing reports using the i-net Clear Reports program, and programming according to the company's UI standards using Angular, CSS, Typescript, and utilizing Git for version control. Additionally, tasks include using SonarLint for code quality analysis and writing APIs in Java language.
